Hi Bailey.

Here are bios for Kimberly and I, and the handout we will be using. The link on the handout is not yet active but will be before the presentation.

Will you make prints of the handout or should we bring them with us? If the latter, can you tell me how many we should bring?

Also, I have shared a dropbox link with you to download my photo.

Let me know if you have any questions or if there is anything else you need from us besides activating the link to our presentation prior to the event.

Thanks!
